Seniors Resource Center

Building on Momentum

2025 Impact + 2026 Vision

Thank you for helping us serve our community's seniors.

Because of you, Seniors Resource Center helps older adults stay independent and safe at home, **and it takes all of us**. We start by helping people navigate the maze of information and services, then provide care management for SRC clients tailored to each person's and family's needs.

Together, we connect seniors to the support they need most—whether that's help with daily tasks like bathing and dressing, specialized cleaning, hospital-to-home transition services including nutritious meals, or simply someone who listens and advocates for them. Our Adult Day program gives families caring for someone with dementia peace of mind while their loved one enjoys meaningful activities in a safe environment.

Community powers everything we do — from personalized care coordination to deep cleaning that prevents eviction — so that older adults can age with dignity in the community they love.
